

## ABOUT

Qualis Energy is a forward-thinking solar energy business committed to accelerating the transition to clean, renewable power. They design and install solar solutions for homes, businesses, and community projects across Nottinghamshire, with a growing presence in the city centre to support local sustainability initiatives.

# Qualis Energy

## WHAT THEY ARE DOING

Qualis Energy are taking key steps to becoming more sustainable.

For example they:

- They have replaced their diesel vans and vehicles with electric or hybrid models.
- They promote a remote work, flexible working environment to prevent unnecessary travel.
- They promote a paperless office wherever possible meaning that only designs and drawings are printed.

Finally, as a provider of renewable technology, their core business helps people and organisations reduce their carbon footprints.

**GET IN TOUCH TO TELL US HOW YOUR ORGANISATION IS REDUCING ITS CARBON FOOTPRINT.**
